

MANAGED WEBINAR

Present to your audience

PSAV's managed webinars services are ideal for speakers presenting to any size group of attendees. Our team of experts will walk you through the setup and management of your webinar. You will have full support alongside you while you present to ensure that your event is a success.

Your presenters can share presentations and videos with others at the push of a button. If an attendee is unable to view the presentation on a computer or mobile device, a dial in number can be provided. No matter the occasion or need, PSAV's team of experts is ready to assist you in coordinating your virtual webinars.

CAPABILITES

MANAGED WEBINAR

Interactive conversations over great distances has never been easier. Keep the conversation flowing and deliver a polished, high-definition livestream event to large audiences.

MEETING *from \$1,800*

- UP TO 8 HOURS
- UP TO 5 PRESENTERS
- UP TO 500 PARTICIPANTS
- DEDICATED TECH SUPPORT
- PASSWORD PROTECTION & LOBBY AVAILABLE

The webinar meeting package is great for a quick meeting for up to 500 participants where an interactive conversation is needed. The dedicated webinar specialist will ensure the meeting is secured and everyone gets connected. Participants with distracting background noise will be muted.

CONFERENCE *from \$9,000*

- UP TO 8 HOURS
- UP TO 10 PRESENTERS OR PANELISTS
- UP TO 3,000 VIEWERS
- VIRTUAL STAGE MANGER AND DEDICATED TECH SUPPORT
- RECORDED

The conference package is ideal when a group of presenters or panelists need to get their message out to a large audience. Presenters are moved on and off the “stage” according to the schedule, or panelists will be able to all participate together. A stage manager ensures the meeting flows smoothly while the webinar specialist handles the technical needs. The meeting can be recorded and delivered as an mp4 following the conference.
